## INTERSECTION OF HAPPY VALLEY RD. & AIRPORT RD. To Be Signalized

The Nampa Highway District will start work Monday, June 17<sup>th</sup> to install a traffic signal at the intersection of Happy Valley Rd. and Airport Rd., east of Nampa.

The work will be done in two phases. Foundation and underground work will be done now, while installation of poles and signals will be done later this summer. Each phase will take about two weeks to complete. No road widening will occur. Most of the work will be performed off the roads, and without traffic impacts. Some temporary lane closures will be required, however, in which case traffic will be controlled by flaggers. The project is intended to improve safety and accommodate increased traffic volumes.
