

NAMPA HIGHWAY DISTRICT NO. 1

Commissioners: Dick Smith, Randy Noble, Bryce D. Millar

May 7, 2018

Subject: **Robinson & Victory Roundabout Project – Start of Construction**

Dear Property Owner:

I wanted to give you an update on this project.

The District solicited bids for a construction contract, but none were received. The Commissioners then explored several options, and ultimately decided to build the project with District forces rather than by contractor. We will, however, have to contract some portions of the work, such as asphalt paving, curb, and electrical.

We will stake the new right-of-way line and temporary easement lines within the next few days, and start construction within the next couple weeks. We expect to be finished and have the intersection opened back up to traffic toward the end of August.

The intersection will be closed to through traffic for most of the project. You will have access to you property throughout the project, but may have to approach it from one particular direction during certain periods.

If you have any questions now or during the project, feel free to contact me at (208) 467-6576 or eric@nampahighway1.com.

Sincerely,

ERIC R. SHANNON, P.E.
District Engineer
